

Doris B.

About her family.

Doris and her husband Kenneth Sr. were married for 55 year and together had one son. She has two grandchildren.

Her favorite things to do.

She enjoys spending time with family and going out to eat. She also like to play cards and put puzzles together. In her younger years she said that she loved to do gardening, sew, crochet, and knit in her free time.

What is something that she enjoyed doing while growing up that today's kids would never dream of doing?

Doris and her sister loved to play jacks together as well as fox and the goose, or drop the handkerchief. They also enjoyed playing dolls - she said sometimes they would dress up the dog and wrap him up in a blanket and rock him to sleep. They also did a lot of sledding and skiing in the winter.
