

Esther S.

Her biggest accomplishment!

Esther made a quilt for each of her children. She said that her biggest and best accomplishment was getting married and having children.

Her secret to her longevity.

She says that she has no secret - just work hard and stay active. She always tells her kids to "not work too hard and take care of yourself". She says that she believes in helping others how you would want them to help you.

What is something that she enjoyed doing while growing up that today's kids would never dream of doing?

Esther had to help milk the cows and take care of the chickens every day growing up. She went to a country school that had two rooms - First Grade through Fourth Grade in one and Fifth Grade through Eighth Grade in the other.
