

# Marian L.

## About her family.

Marian was born and raised in Iowa. She was the only daughter out of four children. Marian and her husband Bob had eight children (6 girls and 2 boys). She was a full-time mother. Today Marian continues to live at home with her daughter. Her grandchildren and great-grandchildren call her "Grandma Boo" because of her birthday.

## Her favorite things to do and her biggest accomplishments.

She loves to read books, complete crossword puzzles, sew quilts and spend time with family. She said that her biggest accomplishment was being a mother and raising her children. Watching man walk on the moon and watching motor vehicles advance from the Model T to the automobiles we have today were both amazing events that she has seen during her lifetime.

## Something that she enjoyed doing as a child that children today wouldn't dream of doing?

Marian's favorite things to do when growing up was to play with paper dolls, the game "Jack's" and listening to "Amos and Andy" a comedy program on the radio. The radio was the only electronic she had growing up - no TV, phone, video games, etc.
